

YIP — Jury Quick Card

Young Indians Parliament • Chapter Round

You score on **your own phone**. The screen follows the house for you — your job is just to watch and score.

Signing in

1. Go to **<https://yi-connect-app.vercel.app/yip/join>**
2. Tap “**Jury member? Sign in with email**” and sign in with the **email the organisers registered for you**.
3. You land on the scoring screen.

The rubric — Yi 2026 Evaluation Workbook (/100)

You score **six components**, each in its own session as the event reaches it:

Component	Out of	What you’re judging (in one line)
MUPI / Opening Speech	15	Their opening speech — research & constituency understanding, relevance to the Central Agenda, delivery
Question Hour	20	Quality of the question asked — or of the minister’s answer
Zero Hour	15	How well they raise and argue an urgent matter
Political Acumen	10	Coalition building, parliamentary strategy, negotiation, and floor presence
Committee	15	Their contribution in committee discussion and bill drafting
Bill Presentation	15	How well they present and defend their committee’s bill

That’s **90 from you**. The last **10 (Position Points)** is added **automatically by the system** for students holding leadership roles — **never add it yourself**; just score what you see.

How the screen works

- **It follows the house.** The session you’re scoring is pre-set by the organiser and **switches automatically** when the house moves on. The current speaker appears on its own; you can also search for a specific participant by number, constituency, or name.

- **You can finish the previous session.** After the house advances, the **immediately-previous session stays open** for you to complete — but only that one, so don't fall more than a session behind.
- **Offline is fine.** If the Wi-Fi drops, keep scoring exactly as normal — your scores are saved on the phone and **sync automatically** when the connection returns. A small sync badge shows the status; ignore it and keep going.
- You can edit a score until the organisers lock scoring at the end.

Ground rules

- **Don't share scores aloud** — not with students, not with other jurors, not within earshot of anyone. Keep your screen angled away from others.
- Score every student you observe in a session — gaps hurt the leaderboard's fairness.
- Stuck or unsure about a rubric line? Quietly ask an organiser between sessions, not mid-speech.

If something looks stuck

Fully **close and reopen** the browser tab or app, then sign in again. Your submitted scores are safe.

Who to call: [FILL IN — organiser name + phone]
