

# YIP — Student Quick Card

## Young Indians Parliament • Chapter Round

**Bring your phone, fully charged, both days.** Everything — voting, questions, chat — happens on it. No phone? No problem: a YUVA volunteer or organiser will record your vote for you.

## Getting in

1. Go to **<https://yi-connect-app.vercel.app/yip/join>**
2. Type the **6-character access code printed on your badge** into the **Your Access Code** box.
3. Tap **Enter Parliament**. That's it — no email, no password.

Lost your badge? Go to the registration desk — they have your code. If asked, you can **Install Yi Connect** to your home screen so it opens like an app.

## Your dashboard — what each card does

| Card                              | What it's for                                                                                                                                                                                                       |
|-----------------------------------|---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| <b>Your profile</b>               | Your parliament role, party, school, constituency, committee, and class.                                                                                                                                            |
| <b>Live Now</b>                   | What the house is doing <b>right now</b> — the current agenda item and the countdown timer. It updates by itself.                                                                                                   |
| <b>VOTE NOW</b> (orange)          | Appears <b>the moment a vote opens</b> (Speaker election, your party-leader election, or a bill vote). Tap it → pick your choice → you'll see <b>"Your vote has been recorded."</b> Vote once — that's your ballot. |
| <b>Your party roster</b>          | Your party members, listed by serial number and constituency.                                                                                                                                                       |
| <b>Your YUVA &amp; Yi Contact</b> | The YUVA mentor and Yi member assigned to help you.                                                                                                                                                                 |
| <b>Raise a Motion</b>             | Zero Hour — raise an urgent public matter for the house. Submit <b>before the deadline shown</b> .                                                                                                                  |
| <b>Bill Drafting</b>              | Committee members only — draft and submit your committee's bill here.                                                                                                                                               |
| <b>Share Your Feedback</b>        | Tell us how the event went.                                                                                                                                                                                         |

## Question Hour — how to ask a question

1. From your dashboard, open **Questions** and tap **Submit**.

2. Write your question (at least 20 characters) and pick the **ministry** it's for.
3. You can submit **up to 3 questions**. Submissions close before the event — don't wait for the deadline.
4. Organisers approve questions; if yours is approved, you may be called to ask it live in Question Hour.

## Chat rules

- You have **two channels** — your **party** and your **committee** — plus a read-only **Announcements** channel (read it; schedule changes land there).
- Need help privately? Use **Message a YUVA mentor**. There are **no student-to-student DMs**.
- **Be respectful**. Organisers see every message and moderate the chat. See something off? Use the **report** button on the message — don't reply to it.
- Misuse gets your messages deleted and you muted.

## If something looks stuck

Fully **close and reopen** the app or browser tab — don't just refresh. Still stuck? Show a YUVA volunteer or an organiser.

**Help desk:** [ FILL IN — desk location / contact ]
